21st November 2024

## Wolverhampton & Shrewsbury District Chair's Travels

Taken from Rev Rachel Parkinson Facebook page on 20th November 2024

St Andrew's with Trinity is a new community within the Telford Circuit which combines both Anglican and Methodist congregations in flexible use of both their buildings in Shifnal. I'd been looking forward to my invitation to preach and preside, and had already identified that it would be Safeguarding Sunday. However the prospect of preaching in a mainly Anglican setting the Sunday after the resignation of the Archbishop of Canterbury in the wake of publication of the Makin report was not something I'd been expecting.

I've spent many hours prayerfully mulling this week, and it's the first time in a long time I've spent the best part of a day producing a full sermon script. However it felt as though God had given me the right words for the right moment and I had lots of conversations about Safeguarding over coffee, all of which felt good and helpful.

I'll be making the whole sermon script available through the District Weekly mailing on Wednesday. However the main thrust of the sermon was that safeguarding goes wrong when our instinct to protect the institution, or our or other people's status, or the status quo ends up overcoming the instinct to protect people from potential harm. I explored this in relation to today's Gospel reading in Mark, when Jesus fails to be as overawed as his disciples by the scale and splendour of the Temple.

It was so good to be involved in thoroughly ecumenical worship this week so soon after the 21st anniversary of the Methodist - Anglican covenant.

On the note of Safeguarding I just wanted to mention that there's often a bit of resistance to attend safeguarding courses but I just wanted to reassure you that they are actually quite enjoyable to attend. The advanced safeguarding courses are normally on a Saturday morning, in one of our local churches, where you get to meet a lovely lady, Stephanie Bradley who is an ex-police officer and has lots of interesting stories to tell. The course isn't difficult. In the main you watch short videos and a discussion follows, you don't have to speak up if you don't want to, and there's no writing to do. You are given a book with all the information that you need in it. It's more like attending a Coffee Morning with the guest speaker being someone who's talking about safeguarding. And once you've done it, you don't have to do it again for 4 years. As you may be aware we don't have a Circuit Safeguarding Officer and are unable to offer foundation safeguarding courses locally at the moment.

You are invited

## A prayer for creation

Through your infinite mercy, O God, may we be prevented from destroying your creation. With so many ongoing conflicts, Lord, it can sometimes be a challenge for many people to believe in your existence. Yet, in spite of centuries of violence and hatred, oppression and injustice, all spawned from humankind, it is a miracle indeed that the human race can still recover, and produce people who can, and do, overcome evil with good; hatred with love and greed with open-handedness. This, Father God, can only be possible by your outpouring of grace. Amen.

## **Sunday 24th (Feast of Christ the King) is Women Against Violence Sunday**

Violence against women and girls, and particularly domestic violence, has increased in recent years and is experienced by one in three women worldwide. The Methodist Website has resources for hymns, prayers, meditations and for how this theme works well with the lectionary gospel reading for the week.

### **Yamaha Baby Piano - Free to good home**

Please see message below from Iris:

"The Yamaha Baby Grand Piano GC1 model used to be owned and played by my husband who passed away last year, the dimension is "151cm by 146cm". It was last tuned sometime last year before he passed. She's about 2 years old and in impeccable condition.

I'm moving my properties to another place and I don't think my husband will be happy if I sell this piano, at the same time, I am settling for a home with less space, so I'm hoping to give it out to someone who is a passionate lover of the instrument. I wasn't going to leave it alone in an empty house.

The Piano is currently in storage with the movers I employed to move my properties from my house. The movers can deliver anywhere. However, the beneficiary has to pay moving costs. In the attachment are the pictures of the Piano, I look forward to your reply if you are interested, if not I can contact someone else."

If you are interested in the piano please let Sharon know in the Circuit office and she will pass your details onto Iris.
